Your Unique Solution; Think Briggs.

BRIGGS[®]
EQUIPMENT UK

ABOUT BRIGGS

As the exclusive UK distributor for the Hyster and Yale ranges of forklift trucks and materials handling equipment, we have the experience and expertise to provide a unique engineering and service provision.

Whether you're looking to buy new or used equipment, hire machinery for a short or long term period, or simply require a reliable service partner, trust Briggs to deliver.

Being a Briggs Customer

With Briggs, you get the best equipment, the best support and the best levels of productivity.

Our unique fleet management tool, BE Portal, provides a clear picture of equipment usage and performance, allowing you to make substantial savings; while 600 mobile engineers across the country ensure reduced response times when you need us most.

Briggs Flexibility

We can supply, service and even finance your equipment. Whatever your requirement, whether you've got one truck or several hundred, we have the experience to support you and will go the extra mile to help your business flourish.

Briggs Stability

Briggs Equipment UK is part of Briggs International, the world's largest global distributor of Hyster-Yale materials handling equipment. Our parent company, Sammons Enterprises Inc, is one of the world's largest privately owned companies.

WORKING WITH BRIGGS GIVES YOU OPTIONS:

- A huge choice of equipment
- The ability to choose different contract or lease durations
- The choice to change your fleet at short notice with no penalty
- The ability to have a short term hire truck within 24 hours for as little as 24 hours
- Servicing and maintenance support to suit your business
- A wide variety of plant and equipment such as scissor lifts, cherry pickers, electric tugs and warehouse storage
- Market leading management information – at no charge!

Want to challenge us to deliver efficiency savings and productivity gains to your operations?

A COMPLETE PRODUCT RANGE

As the exclusive UK distributor of the Hyster and Yale ranges of materials handling equipment, our products give you outstanding quality, productivity and reliability to ensure maximum uptime for your business.

Hyster range

Hyster products are strong and tough, with the ability to work in the toughest of conditions. With a complete range lifting between 1 and 52 tonnes - including warehouse equipment, IC and electric counterbalanced trucks, container handlers and reach stackers – Hyster can fulfil every need from ship, to shore and to store.

Yale range

Yale features a wide range of forklift trucks and warehouse equipment from the powered pallet trucks to high capacity counterbalance and market leading warehouse solutions. These forklift trucks provide industry leading ergonomics, unrivalled productivity and the lowest lifetime cost of ownership solution on the market.

SPECIALIST EQUIPMENT

Briggs is the one-stop source for all your lifting and moving needs. From a comprehensive range of forklifts through to sideloaders, tow tractors, telehandlers and rough terrain vehicles, access equipment and sweepers.

National Dealer

HAKO

Briggs Equipment is the national dealer for Hako's range of commercial and industrial cleaning equipment. Pedestrian and ride-on machines for all environments.

Authorised Dealer

JLG

JLG has appointed Briggs Equipment as an Authorised Dealer for their scissor lifts, boom lifts and stockpickers. Offering incredible versatility and ensuring that no job is out of reach, JLG helps you work safely at height.

National Dealer

COMBILIFT

We are Combilift's National Dealer of the Year. Combilift's innovative multi-directional forklifts, sideloaders, pedestrian trucks and straddle carriers ensure the safe, space saving and productive handling of diverse loads, from pallets to long and extremely oversized loads and containers.

National Dealer

AISLE-MASTER

Aisle-Master articulated VNA trucks work in aisles as narrow as 1.6m for optimum storage density and lower costs. Versatile indoor/outdoor operation eliminates double handling for faster loading cycles.

SERVICING

If you need an engineer, we'll have one with you within three hours (VOR). That's not just a promise; it's an industry-leading guarantee. Our mobile engineering team is not only one of the biggest in the UK, it's also one of the best. The figures speak for themselves:

Our highly experienced engineers have the ability to maintain all makes and models of materials handling equipment. We know how important it is to keep operations running productively and have a first-time fix philosophy. We have teams local to you, equipped with service vans stocked with parts, to help ensure the maximum uptime for your fleet.

BE FINANCE

BE Finance provides a total finance solution for your business across your materials handling range and other specialist equipment.

Our proposition is simple: a finance contract built around your specific requirements and cash flow, not the finance provider's requirements. Flexible and tailored to suit, BE Finance deals directly with you to simplify the process, avoid delays and keep your business moving forward.

We don't just finance forklift trucks

If you need to lease additional production equipment, commercial vehicles or a complete warehouse solution, BE Finance has the strength and flexibility to support your business objectives. Whether you're looking for headline figures for proposals or poised for expansion and in need of competitive financing, we're always willing to discuss any ideas you have.

- ✓ No fees
- ✓ Quick decisions
- ✓ Deal directly with us
- ✓ No banks or 3rd parties involved

DRIVER TRAINING

Briggs provides courses for all types of materials handling, as well as courses for access and mobile plant equipment, overhead cranes and other machine types.

Courses* are fully approved by leading accrediting bodies and include all levels of operator, from the complete novice to instructor level.

- Courses from 1 to 5 days
- Novice to refresher training, all levels of ability catered for
- Either at your premises or one of our training centres
- Industry leading certification*: AITT, IOSH, IPAF, PASMA, ALLMI, NPORS and EU Skills
- Truck type specific conversion available
- Courses in line with latest Health & Safety legislation updates

*Courses run by our training partner Mentor Training

PARTS AND TYRES

Our spare parts availability is second to none. Many standard components can be delivered overnight and installed without delay to keep you running.

Tyres

Forklift tyres are a critical component affecting the performance, efficiency and safety of your truck fleet. Our national tyre fitting service offers an extensive range of tyre types and compounds to match the right tyre to application and budget. From economical budget solutions to premium tyres offering outstanding performance and longevity.

- Solid tyres (resilient or press on band)
- Pneumatic tyres (air-filled)
- Warehouse tyres
- Polyurethane press-on-bands
- Wheel rebonding

Supply chain solutions

Briggs provides a one-stop-shop for all your supply chain needs. With hundreds of solutions from leading brands, you can be sure you will receive the very best quality products and excellent value for money. Our friendly customer support teams are ready to help source any product you may require, just give us a call.

ACCOUNT MANAGEMENT AND BE PORTAL

At Briggs, our aim is to work in partnership with you to help achieve your operational goals, whether they be cost reduction, fleet rationalisation or damage limitation.

We understand that every customer has individual requirements and varying objectives and take time to get to know your business.

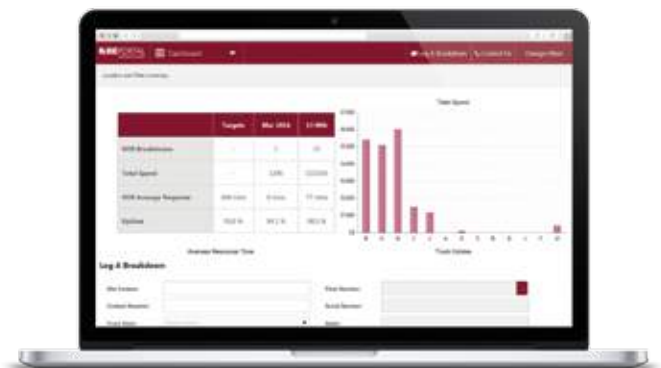

Our dedicated account managers, backed up by skilled support teams, will conduct at least one formal review per year to ensure our tailored solutions are helping achieve your goals, and providing the flexibility and innovation so essential in today's market place.

- Experts in managing large or multi-site fleets
- Confident transition from your old supplier to Briggs Equipment
- Market leading Management Information
- Tailored KPI reporting
- Specialist personnel dedicated to your account
- Proactive account management
- At least one formal review per year

Our market leading customer portal

A market leading interactive, web-based reporting system offering 24/7 access and enabling customers to review fleet management data and assist with cost reduction.

BE Portal helps customers monitor equipment performance against service level agreements at a time and location to suit them using a series of clear graphical dashboards, grids and downloadable documents – and without fitting a telemetry device to a machine.

- Dynamic query-based reporting by group, site and even machine level
- Dashboard to monitor equipment performance against service level agreements
- Improved breakdown management for logging and tracking
- Ability to submit meter readings and monitor machine usage avoiding excess hours through fleet rotation
- PM Scheduling and monitoring
- Ability to identify trends and make informed decisions
- Total transparency of fleet for effective management
- Secure web based access; no telemetry device required

By routinely interrogating data generated by BE Portal, Briggs helps customers achieve business goals by making recommendations and developing action plans that will reduce issues, improve equipment uptime and save money.

THINK BRIGGS.

Briggs provides a complete solution for your business.

Not only are we the exclusive UK distributor for Hyster and Yale forklifts, we also service all the equipment we sell.

With one of the UK's largest mobile engineering workforces, over 600 engineers, we have the resource to meet your servicing needs, whatever your size of fleet or application.

Put simply, no one's better equipped to keep your equipment up and running, maximising uptime, increasing productivity and ultimately boosting your bottom line.
